INTERNATIONAL MASTERCLASSES
hands on particle physics

03.10.2025

Dear all,

the registration process for International Masterclasses 2026 will start soon. To ensure that we can take all special requirements into account in this global program, we would like to ask for your input on three points.

1.) ALICE Masterclasses (Looking for Strange Particles)
We would like to determine in advance which dates in the overall program are best suited for ALICE Masterclasses (Looking for Strange Particles). If you are planning to organize an ALICE Masterclass, please provide your input here: https://newdle.cern.ch/newdle/tRMrNp52
Please note:
- Select all dates that would work for you.
- This is not a final registration, but only a preliminary check of possible dates.
- The deadline for your input is Monday, Oct 13.

2.) LHCb Masterclasses
We would like to determine in advance which dates in the overall program are best suited for LHCb Masterclasses. If you are planning to organize an LHCb Masterclass, please provide your input here: https://newdle.cern.ch/newdle/cWmvGPmB
Please note:
- Select all dates that would work for you.
- This is not a final registration, but only a preliminary check of possible dates.
- The deadline for your input is Monday, Oct 13.

3.) Early video conference slots with CERN
The CERN video conferences are always at 4 pm CET. If you have other needs, e.g. an earlier video conference, please fill in the request form at https://forms.gle/JToJ1Y1GeW4yD5r78. This will help us to accommodate institutes in other time zones. Deadline for your input is Monday, Oct 13.

Kind regards,
Uta, Ken, Raul, Rok and Yiota
