INTERNATIONAL MASTERCLASSES
hands on particle physics

Dear all, 15.11.2025

The online registration for International Masterclasses 2026 (Feb 18 - April 1) has been going for 2 weeks. Many institutes have already signed up, but there are still open slots for all measurements. Details on registration see below.

We will close the CERN forms on Nov 28 (Dec 6 for Fermilab) and publish preliminary schedules. Registration after these dates is still possible, depending on available vacancies.

Registration for **Masterclasses on the Intl. Day of Women and Girls in Science** (Wednesday, Feb 11, 2026) will follow in December.

And finally: Best wishes to everyone participating in **W2D2** on Nov 20!
