

28.02.2020

Dear all,

IMC20 started this week, with activities scheduled in 60 countries worldwide! Here is our updated status:

////////// COVID-19 //////////

As you know, the spread of COVID-19, or the novel coronavirus, has greatly affected lives and societies. International Masterclasses are affected as well. A number of our IMC institutes and even whole countries have had to cancel or postpone their scheduled Masterclasses. We will keep in contact with all of our institutes to learn of further disruptions and help everyone to make appropriate adjustments. As we learn more, we will keep you informed. Please let us know of changes to your own situation and feel free to send us any inquiries.

////////// DVD / iso image //////////

For those who run their event offline: you can access ISO images with ATLAS and CMS measurements from the following link: <http://cern.ch/go/lzk8>.

Kind regards,
Uta Bilow + Ken Cecire
