

04.11.2016

Dear all,

The online registration for International Masterclasses 2017 has been going for ~ 2 weeks! The majority of institutes have already signed up, but there are still open slots for all measurements. Due to the high demand, we have added slots for ATLAS Z and for ALICE (Looking for Strange Particles) in the CERN videoconferences. Sign up here:

Masterclasses with CERN VC:

ATLAS W: <https://doodle.com/poll/cwgx5tfvkg54rn3v>

ATLAS Z: <https://doodle.com/poll/pzs8u8mfkvbz87we>

CMS: <https://doodle.com/poll/3qfs28qbeafmkv5c>

LHCb: <https://doodle.com/poll/a3ta933ikntz42y5>

ALICE: <https://doodle.com/poll/ygpxq83rm5pn65mf>

1. Please register with the name of your institute and city.
2. Your entry is a fixed booking, so your slot in the video conference is fixed without further confirmation from our side.
3. CERN video conferences are always from 16 – 17 CET.
4. More time slots for CMS WZH and ATLAS Z are available in the Fermilab video conferences. Special arrangements are also possible.
5. If you plan to participate in the program ***without joining a video conference***: Do not use the doodles to register, but send a separate e-mail.
6. The doodles will be closed on Nov 18 and we will create a preliminary schedule. Registration after this date is still possible, depending on available slots.

For Masterclasses with Fermilab VC (ATLAS Z / CMS WZH), we've added new dates.

- The new dates are 11 March, 30 March, 31 March, and 1 April.
- To register, please still go to <https://goo.gl/forms/kMrmkDEZMMAVyz3D2>.
- The new dates are now listed in the form.
- To replace an old registration (e.g. to move from one of the old dates to a new one), add the word "replace" when entering the location in the first text field, as in "Auckland, New Zealand – replace".

The overall schedules for video conferences with
