Dear all,

The schedules for IMC17 have filled up very nicely!

269 Masterclasses with CERN videoconference have registered so far, see

www.physicsmasterclasses.org/downloads/schedule_2016_11_30.pdf. Nevertheless, there are still slots available. If you wish to add a Masterclass (or have to change your date), please contact Uta.

The schedule for Masterclasses with Fermilab video conferences offers more time slots and can be found at <https://quarknet.i2u2.org/page/videoconferences-2017#fnal>. Contact Ken (Kenneth.W.Cecire.1@nd.edu) if you plan to join.

////////// PROFILE OF YOUR INSTITUTE //////////

Please check your profile, which you will find in the left hand side menu entry of your country at www.physicsmasterclasses.org/index.php?cat=country. Check data thoroughly (English and local language version!) and click every link! Send URLs or information that need to be updated!

If you cannot find your profile, then you are probably new in the programme. Visit http://physicsmasterclasses.org/index.php?cat=local_organisation&page=orga_webpages to find instructions how you can be included.

Kind regards,

Uta + Ken
