

03.03.2017

Dear all,

This week we started Masterclasses with CERN videoconference. Students from 14 countries have been involved in analysing LHC data, had a great day at the institutes, and enjoyed the videoconference with moderators at CERN.

In order to achieve the best possible video experience for you students please pay attention to the following important points:

- ✓ Connect to the correct conference! Most days have 2 videoconferences in parallel. The Vidyo room for your Masterclass can be seen from the schedule:
www.physicsmasterclasses.org/index.php?cat=schedule
- ✓ Your connection is either:
 - Masterclasses_2017_VC1:
<https://vidyoportal.cern.ch/join/rTYfeMEhXmdY>
room extension 1010003
 - or
 - Masterclasses_2017_VC2:
<https://vidyoportal.cern.ch/join/ye8a5NXdyHJM>
room extension 1010004
- ✓ Connect in time! The VC has to start at 4:00 pm CET sharp!
- ✓ Stay muted unless you are supposed to talk.
- ✓ Select students, who volunteer to answer moderators' questions on results.
- ✓ Prepare students in order to have some questions ready for the moderators (Q&A session).
- ✓ Distribute answer sheets for the quiz beforehand. (Download from
<http://ippog.web.cern.ch/resources/2017/quiz-imc17>)

The manual with detailed information on the videoconference can be found at:

http://www.physicsmasterclasses.org/downloads/manual_local_organizers_2017_02_16.pdf

Thanks for thorough preparation!
Kind regards,

Uta + Ken
