

24.11.2017

Dear all,

//////// Schedule for IMC18 //////////

The registration doodles for International Masterclasses 2018 have been closed. Based on your entries, we have created preliminary schedules. You can find the CERN schedule at www.physicsmasterclasses.org/downloads/schedule_2017_11_24.pdf and the Fermilab schedule at <https://quarknet.org/content/videoconferences-2018>. Please check the schedule carefully and let us know if any corrections are needed. All entries are fixed bookings – if you have registered, your place in the video conference is reserved for your students.

Both schedules are still subject to updates, as we expect more institutes to join during the next weeks, given a maximum of 5 institutes in one video conference.

If you plan to join the programme and have not registered so far, please do not hesitate to contact us: Uta for CERN video conferences and Ken for Fermilab video conferences.

//////// Masterclasses on the UN International Day of Women and Girls in Science //////////

After the very successful pilot this year we will again organize Masterclasses for girls on the International Day of Women and Girls in Science (IDWGS). If you plan to participate, please register via the following link: <https://goo.gl/forms/1KGeg6Sg2W3ocV5Z2>

Kind regards,
Uta and Ken
