

09.03.2018

Dear all,

Ready, set, go! International Masterclasses that have videoconferences with Fermilab start today! For those with CERN videoconferences it is almost half-time, and we have already seen 117 Masterclasses in the past 3.5 weeks.

////////// MODERATORS //////////

They are nice, experts, motivated, and ready to share their experience with high school students from the entire world! Want to know who you will meet in the videoconference? Have a look at <http://physicsmasterclasses.org/index.php?cat=schedule#moderators> for CERN moderators or <https://quarknet.org/content/videoconferences-2018#mods> for Fermilab moderators.

////////// FERMILAB //////////

Tutors and mentors for Fermilab-connected videoconferences: we are collecting attendance data. Please fill out the form at <https://goo.gl/forms/jA3SCnFUCDrhdwNe2> during or shortly after your masterclass. We need this information from all Masterclass Institutes connecting to Fermilab.

Kind regards,
Uta + Ken
