Dear all,

The online registration for International Masterclasses 2019 (IMC19) has been going for ~ 2 weeks! Many institutes have already signed up, but there are still open slots for all measurements. Due to the high demand, we have added slots for ALICE and LHCb in the CERN videoconferences. In addition, we have moved some slots for ATLAS and CMS videoconferences with Fermilab to accommodate the needs of some institutes. Sign up here:

1. Please register with the name of your city and institute.
2. Registrations are done on a first come, first served basis, with a maximum of 5 institutes per slot.
3. You may see question marks (?) in some of the newly added slots. They can be ignored.
4. Your entry is a fixed booking with no further confirmation from our side.
5. If you plan to participate in the program without joining a video conference: Do not use the doodles to register, but send a separate e-mail.

Some more details:

1. We offer slots for ALICE, ATLAS, CMS, and LHCb in the CERN videoconference schedule, see the [CERN schedule](#) with available slots for videoconferences with CERN (16:00 CET/single exception on 16.03.).
2. And we offer slots for ATLAS Z, CMS, and Neutrino Masterclasses in the Fermilab videoconference schedule, see the [Fermilab schedule](#) for videoconferences with Fermilab (multiple time slots, special arrangements are also possible.)

3. The doodles will be closed on Nov 30 and we will create a preliminary schedule. Registration after this date is still possible, depending on available slots.

Please do not hesitate to contact Ken (kcecire@nd.edu) or Uta (uta.bilow@tu-dresden.de) in case of any question.

Kind regards,
Uta + Ken
