

13.12.2019

Dear all,

**//////// Schedule for IMC20 //////////**

The registration doodles for International Masterclasses 2020 have been closed. Based on your entries, we have created preliminary schedules at <https://physicsmasterclasses.org/index.php?cat=schedule>.

- LHC Masterclasses with **CERN** videoconference
- LHC and MINERvA Masterclasses with **Fermilab** videoconference (coming soon)
- Belle II Masterclasses with **KEK** videoconference
- Particle Therapy Masterclasses with **GSI** videoconference

Please check the schedule carefully and let us know if any corrections are needed. All entries represent fixed bookings – if you have registered, your place in the videoconference is reserved for your students.

All schedules are still subject to updates, as we expect more institutes to join during the next weeks, given a maximum of 5 institutes in one video conference. Even more dates can be offered if there is request. If you plan to join the programme and have not registered so far, you still can! Registration continues by e-mail, so please do not hesitate to contact us.

**//////// Masterclasses on the UN International Day of Women and Girls in Science //////////**

Planning for the 2020 edition of Masterclasses for girls on the International Day of Women and Girls in Science (IDWGS) is displayed at [https://physicsmasterclasses.org/index.php?cat=women\\_in\\_science](https://physicsmasterclasses.org/index.php?cat=women_in_science). Twelve groups have signed up so far. If you wish to participate but are not listed yet, please contact Uta.

**//////// Best wishes //////////**

We will suspend IMC Circulars for the holiday season and resume with weekly circulars starting 10.01.2020. Until then,

Uta Bilow + Ken Cecire
