

05.07.2019

Dear all,

Here is the first IMC Summer Circular!

Dates for 2020: We would like to inform you about the dates for the next round of International Masterclasses, that is, IMC 2020! The period has been set to 26.2. – 8.4.2020. The registration procedure will follow in October.

World Wide Data Day: The date for World Wide Data Day (W2D2) has also been set: mark your calendars for Oct 16, 2019. Look for more information in the first regular IMC 2020 circular and in the updated website early in September.

Form for independent Masterclass registration: From time to time we receive requests from institutes organizing independent Masterclasses and need data assignment or entries in data combination tools, e.g. CIMA or OPlOT. To simplify handling of these requests, we have created a form <http://cern.ch/go/c6ml> (via IMC webpage: <http://cern.ch/go/iWp6>).

IMC at EPS-HEP conference: IMC will be present at the EPS-HEP conference in Ghent (10.-17.07.2019)! If you are coming to the conference, you can meet us in a booth in the coffee break area on July 15+16. Or learn about the latest developments in International Masterclasses from a talk on July 12 (09:30 CET, Room G).

IMC at DPF: IMC will also be featured in a talk at the APS Division of Particles and Fields meeting (Boston, 29.07-02.08.2019) in the Education and Outreach session on July 30 (14:54 ET).

Kind regards,
Uta + Ken
