

08.12.2017

Dear all,

//////// Profile of your institute //////////

We offer all participating institutes a page on the IMC website to present a portrait of the institute and its activities. Please check your webpage, which you will find in the left hand side menu entry of your country at www.physicsmasterclasses.org/index.php?cat=country. If you do not see one, let us know and we will help you to build a page. If there is one there, please inspect it thoroughly: check both the English and the local language version and please click every link! Send URLs or any information that needs to be updated!

//////// Masterclasses on the UN International Day of Women and Girls in Science //////////

On February 12 we will celebrate the International Day of Women and Girls in Science (IDWGS) – a great day to invite high school girls for a Masterclass! The registration is still open. If you plan to participate, register via the following link: <https://goo.gl/forms/1KGeg6Sg2W3ocV5Z2>

//////// Latecomers: Sign up for IMC18 //////////

The IMC18 schedules can be found at <http://physicsmasterclasses.org/index.php?cat=schedule> for CERN and <https://quarknet.org/content/videoconferences-2018#fnal> for Fermilab. We still welcome requests from institutes which plan to participate and have not signed up yet. If you plan to join the programme and have not registered so far, please do not hesitate to contact us: Uta for CERN video conferences and Ken for Fermilab video conferences.

Kind regards,
Uta and Ken
