

01.02.2019

Dear all,

Have you already registered for your Vidyo test with CERN or Fermilab?

////////// VIDYO TESTS WITH CERN //////////

Tests are mandatory for all institutes new in Masterclasses and for those who have changed something, e.g. room or technical setup. The CERN Vidyo test period is Feb 04 - Feb 22, 2019. Register for your test at <https://doodle.com/poll/kcz72kyasn8vwnx5>. For more details see last week's circular at <http://cern.ch/go/wL6s>.

////////// VIDEO CONFERENCE MANUAL //////////

Please prepare your video conference thoroughly with the help of the manual, available at <http://cern.ch/go/JmG9>. It describes aims and structure of the videoconference and includes technical details, instructions for the quiz and recommendations for hardware and room setup.

////////// ORIENTATIONS/VIDYO TESTS WITH FERMILAB //////////

Institutes connecting with Fermilab or TRIUMF have the opportunity for an online orientation, an update, or Vidyo test, as needed. These are available through 4 Mar. More information and a registration link can be found at <https://quarknet.org/content/orientation-2019> ; for more details see last week's circular at <http://cern.ch/go/wL6s>.

////////// PHOTOS AND VIDEOS //////////

[IPPOG](#), the organization behind IMC, is asking for help. The collaboration is in need of photos and videos for communication materials development (new website, brochures, social media). Please send photos and videos from your Masterclasses, with captions (description, date) to barbora.gulejova@cern.ch.

Kind regards,
Uta + Ken
