

13.11.2020

Dear all,

Thanks to everybody who filled in the intent-to-registration survey! Your answers are very valuable and provide us with crucial information for the preparation of IMC21.

Although there is a lot of uncertainty how the situation will be next spring, we want to start the formal registration procedure soon. As usual, we will provide dates for videoconferences, and you can sign up for a slot, where your group of students can connect to the videoconference with moderators and other high school students. Whether you plan an onsite event, a remote Masterclass with students at school, or a remote Masterclass with students at home: We will take care that there will be videoconferences for all participants.

The online registration for International Masterclasses 2021 starts on Monday, Nov 23, 12:00 CET. Here are the details of the registration process:

We offer:

1. **CERN** videoconferences for ALICE, ATLAS Z + W, CMS, and LHCb Masterclasses: see the [schedule](#) with available slots for videoconferences with CERN (16:00 CET). We expect a slightly lower participation than in normal years, so there are still some gaps in the plan that can be filled if necessary.
2. **Fermilab** videoconferences for ATLAS Z, CMS, and MINERvA Neutrino Masterclasses
3. **KEK** videoconferences for [Belle II Masterclasses](#)
4. **GSI** videoconference for [Hadron Therapy Masterclasses](#)

Details for the last three will follow shortly.

Please do not hesitate to contact Uta (uta.bilow@tu-dresden.de) or Ken (kcecire@nd.edu) in case of any question.

Looking forward to working with you on International Masterclasses 2021.

Kind regards,
Uta + Ken
