

20.11.2020

Dear all,

The online registration for International Masterclasses 2021 starts on Monday, Nov 23, 12:00 CET. Watch out for the circular with the links!

On Monday, sign up for your preferred date and secure your slot in the videoconference. Registrations will be done on a first come, first served basis, with a maximum of 5 institutes per videoconference.

We expect all LHC packages to have a web-based version available, which will make it easier to hold Masterclasses remotely. We will soon provide you with more details on “recommended practices” for online sessions.

We offer:

1. **CERN** videoconferences for ALICE, ATLAS Z + W, CMS, and LHCb Masterclasses: see the [schedule](#) with available slots for videoconferences with CERN (16:00 CET). We expect a slightly lower participation than in normal years, so there are still some gaps in the plan that can be filled if necessary.
2. **Fermilab** videoconferences for ATLAS Z, CMS, and MINERvA Neutrino Masterclasses: see the [schedule](#) with available slots (multiple time slots).
3. **KEK** videoconferences for [Belle II Masterclasses](#)
4. **GSI** videoconference for [Hadron Therapy Masterclasses](#)

Details for the last two will follow shortly.

Please do not hesitate to contact Uta (uta.bilow@tu-dresden.de) or Ken (kcecire@nd.edu) in case of any questions.

Looking forward to working with you on International Masterclasses 2021!

Kind regards,
Uta + Ken
