

19.11.2021

Dear all,

The online registration for International Masterclasses 2022 (IMC22) has been going for 2 weeks. Many institutes have already signed up, but there are still open slots for all measurements. Due to the high demand, we have added slots for ALICE and CMS in the CERN videoconferences.

- Registrations will be done on a first come, first served basis, with a maximum of 5 institutes per VC.
- Register with the name of your city and institute.
- In week March 7-12, students connect individually to the videoconference (instead of as a group).
- Your entry is a fixed booking. Please no "reservations"!
