Dear all,

Have you already registered for International Masterclasses 2021? You can still sign up for your preferred date and secure your slot in the videoconference – now also for Particle Therapy and Belle II Masterclasses! In addition, we have added a few slots in the CERN schedule, to accommodate all requests. Registrations will be done on a first come, first served basis, with a maximum of 5 institutes per videoconference.

Please register with the name of your city and institute. Your entry is a fixed booking. We will send *no further confirmation*.

We offer:

1. **CERN** videoconferences for ALICE, ATLAS Z + W, CMS, and LHCb Masterclasses: see the [schedule](#) with available slots for videoconferences with CERN (16:00 CET).
2. **Fermilab** videoconferences for ATLAS Z, CMS, and MINERvA Neutrino Masterclasses: see the [schedule](#) with available slots (multiple time slots).
3. **GSI** videoconferences for [Hadron Therapy Masterclasses](#) (16:00 CET).
4. **KEK** videoconferences for [Belle II Masterclasses](#) (15:00 CET, EST, JST).

We expect LHC and Belle II packages to have a browser-based version available, which will make it easier to hold Masterclasses remotely. We will soon provide you with more details on “recommended practices” for online sessions.

Please do not hesitate to contact Uta (uta.bilow@tu-dresden.de) or Ken (kcecire@nd.edu) in case of any questions.

Looking forward to working with you on International Masterclasses 2021!

Kind regards,
Uta + Ken
