

Dear all,

11.09.2026

We have started making plans for International Masterclasses 2027. Please note the following dates and save them in your calendars.

ALICE, ATLAS Z + W, CMS and LHCb Masterclasses

CERN videoconferences

Period: 11 February – 25 March 2027

Girls Masterclasses on Int. Day of Women and Girls in Science: 11 February 2027 (Thursday)

ATLAS Z, CMS; MINERvA, and NOvA Neutrino Masterclasses

Fermilab videoconferences

Period: 25 February – 20 March 2027, plus 9/10 April 2027

Particle Therapy Masterclasses

GSI videoconferences

Starting 11 February 2027 (end date to be announced)

Auger Masterclasses

Pierre Auger Observatory videoconferences

Period: 11 February – 10 April 2027

Belle II Masterclasses

KEK videoconferences

Dates to be announced

Details of the registration procedure will be announced mid of October.

Two new activities in 2027

We are excited to announce that the International Masterclasses portfolio will grow by two new activities next year.

KM3NeT Masterclass

The KM3NeT Masterclass will join the International Masterclasses program in 2027. More information is available here: <https://www.km3net.org/education/masterclass/>

Quantum Computing Masterclass

Period: 1 March – 28 May 2027

The Quantum Computing Masterclass introduces participants to the fundamental concepts of quantum computing and explores how quantum technologies can be applied to scientific problems, particularly in particle physics. More information is available here:

We are looking forward to working with you on International Masterclasses 2027. Please inform us if responsibilities have changed and new people should be added to the mailing list.

Kind regards,

Uta, Ken, Raul, and Yiota
